

Minister of Mines, Energy and Water Development of Republic of
Zambia, Honourable Christopher Yaluma

Conducted a Facility Tour of Sino-Metals Leach Zambia Limited

On local time July 12, 2012, in the company of the Director of Mines Safety Department Mr. Lumamba and other officials from ZCCM-IH and members of the Press, Minister of Mines, Energy and Water Development (MEWD) of Republic of Zambia, Honourable Christopher Yaluma conducted his first facility tour after assuming office to one of China Nonferrous Mining Corporation Limited investments, a hydrometallurgy company Sino-Metals Leach Zambia Limited (SMLZ). This visit manifested that MEWD has attached great importance and strong support to sustainable development of SMLZ.

Honourable Yaluma paid a facility tour to SMLZ's Solvent Extraction and Electrowinning Tankhouse, Copper Concentrator and the Tailing Leach Plant. He also took time to listen to SMLZ's CEO Mr. Xie Kaishou's report on production, operations and key project progress. Honourable Yaluma fully acknowledged SMLZ's achievements on the reported areas; also, he highly commended SMLZ's fulfillments on its corporate social responsibilities and public welfare duties. Meanwhile Honourable Yaluma stated that in

order to ensure the sustainability of production and operation of SMLZ in Zambia, he himself and his ministry would like to offer their full support to solve SMLZ's difficulties on production and technology areas. Furthermore, Honourable Yaluma affectionately recalled the long lasting Sino-Zambia friendship and took the lead to acclaim Long Live Zambia! Long Live China!
