

Chambishi Smelting (CCS) Donated Hemodialysis Medical Equipment to SinoZam Friendship Hospital

On April 16, 2018 of Zambian time, the donation ceremony for hemodialysis medical equipment donated by CCS funded by our Company was held in SinoZam Friendship Hospital. The Chairman of the Board of Directors Mr. Tao Xinghu attended the donation ceremony and made a speech. The ceremony was presided by Wang Zhiwei, the Deputy General Manager of Zambia-China Economic and Trade Cooperation Zone (hereinafter referred to as Economic and Trade Cooperation Zone).

On the ceremony, CCS donated DBB-27 hemodialysis medical equipment valued at USD 100,000 to SinoZam Friendship Hospital. Many enterprises in Zambia including CCS have donated color B ultrasound and other instruments and facilities repeatedly to SinoZam Friendship Hospital. Li Rongting, the Executive Vice President of CCS and Li Yunsheng, the Deputy President of the Economic and Trade Cooperation Zone handed over the equipment on behalf of both parties respectively.

On the symposium held subsequently, President Tao Xinghu stressed that, SionZam Friendship Hospital based itself on enterprises and was oriented to the needs of society, and now it has 110 medical care personnel from both China and Zambia, 100 beds, and served more than 40,000 patients through years of investment made by the Economic and Trade Cooperation Zone and industrious construction of Chinese and Zambian medical teams. It has become one of the large-scale outstanding private hospitals with perfect facilities and fine services in Zambia. The facilities and equipment donated by CNML to SinoZam Friendship Hospital will improve its diagnosis and treatment conditions further, which could not only better guarantee the enterprise's employees to seek medical advice, but also improve the medical infrastructure as well as the medical service quality and level of the community and even Zambia, and reflect the profound friendship between the Chinese and the Zambians. The participating representatives stated that they would respond to the call of President and the Company, and increase their efforts in supporting the work for public good further, including medical treatment.

Zhang Hongdong, the Executive Vice President of NFCA, Wang Jingjun, the Executive Vice President of CLM, Zhang Peiwen, the General Manager of SML, Deng Yun, the Vice President of CCS, Wu Wenjun, the Deputy President of the Economic and Trade Cooperation Zone, Hu Guolian, the General Manager of China 15th Metallurgical Construction Group Co., Ltd Africa Company and other representatives of enterprise management level, Hu Aibin, the Company Secretary, Qin Xisheng, the Deputy President of the Economic and Trade Cooperation Zone and President of SinoZam Friendship Hospital as well as the Chinese and Zambian medical staff attended the donation ceremony.
