

CEO Tao Xinghu Paying an Investigating Visit to CNMC Huaxin Wet-process Smelter Co., Ltd. and CNMC Huaxin Mabende Mining Co., Ltd. in the Democratic Republic of Congo

From August 14 to 16, 2013, accompanied by Xie Kaishou, DCEO of CNMCL and president of SMLZ, Tao Xinghu, vice chair of the board and CEO of CNMCL, paid an investigating visit to CNMC Huaxin Wet-process Smelter Co., Ltd. (Huaxin Wet-process Company) and CNMC Huaxin Mabende Mining Co., Ltd. (Mabende Mining), two enterprises of CNMCL in Likasi of Congo.

First, at Huaxin Wet-process Company, CEO Tao Xinghu listened to the work report by Li Xingde, vice president of Huaxin Wet-process Company. CEO Tao Xinghu was satisfied with the overall operation of Huaxin Wet-process Company and demanded that its management carry out active technical innovation, upgrade recovery rate, increase product output, and create better economic benefit for the enterprise.

Then, CEO Tao Xinghu came to Mabende Mining. After visiting the project construction site, he listened to the report on project construction given by Li Yaolin, president of Mabende

Mining. CEO Tao Xinghu was satisfied with project construction. He pointed out that the company should take water and power supply seriously. He demanded that the company fulfill the construction task by the end of 2013 in accordance with the requirements on time, quality, and quantity, and meanwhile, make sound preparations for production.
